IMPORTANT CHANGES MADE AT COLLEGE

THREE TEACHERS LEAVING
AND FOUR NEW ONES
COMING

REDUCE EXPENSES
OF THE STUDENTS

Board Item is Cut Down by \$50
—Tuition is Reduced \$15
a Year.

With the end of the present school year at Anderson College drawing near, the election of teachers has taken place and changes made in the management of some of the departments of the college. It is about to close its third and in many ways its most successful year.

One of the most important changes at the college is the reduction in students' expenses, which are as follows: Student boarding in college next year \$225.00, this past year \$275; tuition this coming year \$60.00, present year, \$75.00.

Although these reductions are made, the high standard of the college will be maintained in the future in all departments, teaching force, equipment and dining room.

This reduction now places the expenses on an equal with those at Greenville Woman's College which is a strong competitor.

Teachers Leaving.

Changes in the teaching force have been made as follows:

Professor Williams, in science, retires to do further work in University.

Miss Alward, in English, retires to teach nearer home.

Miss Wakefield announced some time ago that she would engage in other work.

New Teachers.

In science: Miss Mary C. Demarest, A. B. Berrard College, New York; A. M. Columbia University. Now at St. Mary's College, Dallas, Texas.

In English: Miss Alice Luby Euxton, A. B. Holline College. Now at Bessie Tift College, Forsyth, Ga.

In Domestic Science and Art: Miss Katharine Lee, of Knoxville, Tenn., A. B. University of Tennessee.

In expression and Physical Culture: Miss Majorie Geary, graduate New Haven school of gymnastics; special work in expression in Columbia University. Miss Geary is now at Miss Metcalf's school, Tarrytown, N. Y.

**MR. JAMES T. BUSBY
HAS PASSED AWAY**

Prominent Farmer of Rock Mills
Township—Native of This
County.

Mr. James Tillman Busby died at his home in Rock Mills township, seven miles west of Anderson at 5:30 o'clock Sunday morning. Funeral services were conducted yesterday morning at 10:30 o'clock at New Hope Methodist church, Rev. Mr. Balenger of Seneca officiating. Interment was made in the adjoining cemetery.

Mr. Busby was born in Anderson County 67 years ago. He was a farmer, and a successful one, all of his life. He married Miss Cynthia Walker, and to this union 11 children were born, 10 of whom are now living. The surviving children are: Mrs. Annie White, Brogan Mills, Pink L. Busby, Abbeville County, J. J. Busby, superintendent of Anderson County home, Mrs. Stella Bannister, Hartwell, Ga., J. C. Busby, Abbeville, D. F. Busby, Rock Mills township, Mrs. Mamie Gray Rock Mills township, Walter Busby, Rock Mills township, Miss Nettie Busby, Rock Mills township and Attaway Busby, this city, employed by the Piedmont and Northern line. The 11th child, who died several years ago, was Mrs. Bessie Jackson, wife of Mr. S. D. Jackson of this city.

Mrs. Busby preceded Col. Busby to the grave by two years.

Several months ago Mr. Busby was stricken with Bright's disease. He began growing weaker and weaker several weeks ago, and his death Sunday was hastened by a stroke of paralysis, which came on him on Sunday preceding his death.

Mr. Busby was a good and substantial and loyal citizen. He was an active church worker and the church building at New Hope today stands as his monument, for it was due to his efforts and to his generous subscriptions that the church building was made possible. He has always been interested in public affairs, always favoring those things for the best of the people.

During the latter part of the civil war Mr. Busby entered with a regiment made of 18 years old boys and saw some active service. Later he took part in the activities of the Red Shirt men. He was naturally a leader of men and always took a leading part in the movements of this grand and necessary organization. In late years Mr. Busby took great interest in perpetuating the great deeds of the Red Shirt men, and always did his part and more in making Red Shirts reunions successful. Mr. Busby was a good neighbor, a loving husband and father, and a true citizen.

COMMENCEMENT PLANS
OF ANDERSON COLLEGE
HAVE BEEN PERFECTED

BEGINS THURSDAY NIGHT
MAY 27—ENDS MONDAY
MAY 31

EXAMS NOW ON;
END THURSDAY

Annual Concert Will be Given
Friday Evening—Attractive
Program.

The plans for the commencement exercises at Anderson College have all been perfected, and everything is getting in readiness for different entertainments.

On Thursday evening, May 27, the Junior class will entertain the graduating class, the Seniors. They issued their invitations some days ago.

Friday evening, May 28, the Annual Concert will take place. Those taking part will be advanced pupils in piano and voice, the college chorus, and the Glee Club. Among other very attractive numbers will be a cantata, "The Lady of Shalott" (Tennyson), by Bendol, sung by the glee club. This is an exquisite musical composition and after working on it for some weeks under the efficient direction of Miss Strathman, the glee club has been able to get it in splendid form.

The soloists, Misses Elizabeth Lawrence and Louise Henry are ably sustained by the whole glee club in choruses, with Miss Goode as accompanist. Among those playing piano selections will be Misses Marguerite Henry, Julia Ledbetter, Mollie Horton, Lafayette Johnson and Katharine Burriss.

On Saturday afternoon from four to six there will be a general reception in honor of the graduating class, to which the public is cordially invited.

Sunday morning in the First Baptist church the sermon, before the Y. W. A., will be delivered by Dr. Dolent of Greenwood, and Sunday evening Dr. W. E. Thayer of Sumter will preach the baccalaureate sermon. Special music will be rendered at both services by members from the college conservatory.

On Monday, May 31, at 8:30 p. m. in the college auditorium the baccalaureate address will be delivered by Dr. N. S. Currell, president of the University of South Carolina, at which time the diplomas will be delivered.

The friends throughout the city and State are most cordially invited to attend all commencement exercises.

The Senior examinations started Friday and the under class examinations extend from Monday through Thursday afternoon.

The art exhibition was given Friday afternoon, May 21. Quite a large number of people came to see the work displayed. The work shown was very unusual in its merits and showed no little ability in the students and much efficiency in the teaching by Miss Ramsey.

All the work was from life and still life by first year students, and was of a very high order. The drawings from casts, many of them very difficult were particularly strong, noticeable among others being a large Hebe and heads of Ceres and Athena by Miss Mournie Ligon, a Venus de Milo, a Hebe and head of Caesar by Miss Julia Ledbetter, a Venus, a head of Caesar by Miss Catherine Sullivan and hands and feet by Misses V. Felkel, J. Ledbetter, and Catherine Sullivan and Annie Bailey. There were good sketches of several students by Misses Catherine Sullivan and Mournie Ligon easily recognized by all who knew the young ladies. The studies of fruits and flowers done in color were well done and artistically arranged, among the many admired were a basket of yellow roses by Miss Catherine Sullivan and a pot of red primrose by Miss Viola Felkel. Miss Cecelia Schultz had quite a display of pretty china and Miss Elizabeth Fretwell had a beautiful dresser set.

All regret that Miss Ramsey has been called away because of illness in her home.

The Status of the Jury. "Gentlemen of the jury, are you agreed upon your verdict?" asked the judge, presiding over a Texas court.

"We are," responded the foreman. "Do you find the prisoner guilty or not guilty?"

"We do."

"You do? do what?" exclaimed the startled judge.

"We find the prisoner guilty or not guilty," answered the foreman.

"But, gentlemen, you can not return a verdict like that."

"Wal, I don't know," the foreman responded. "You see, six of us find him guilty, and six of us find him not guilty, and we've agreed to let it go at that."—Uplift Magazine.

Whooping Cough. "When my daughter had whooping cough she coughed so hard at one time that she had hemorrhage of the lungs. I was terribly alarmed about her condition. Seeing Chamberlain's Cough Remedy so highly recommended, I got her a bottle and it relieved the cough at once. In five days she had vanished two bottles of this remedy she was entirely well," writes Mrs. S. F. Grimes, Crooksville, Ohio. Obtainable everywhere.

Old Ben Franklin Said—

"A penny saved is a penny earned." Ben must have had the saving possibilities of such a store as this in mind when he spoke.

We carry the very best of everything in the grocery and fresh meat lines and only try to make a fair margin of profit.

On all ten cent package goods, we say you a penny. On fifteen cent package goods, we save you two cents. And so on, all through the line, we save you from ten per cent and up, just for the cash instead of credit. Isn't it worth ten per cent to you to pay cash? Of course it is!

For today we have an excellent assortment of green vegetables, fancy and staple groceries, and fresh meats. Phone us your wants.

WANT GRADE ON NORTH MAIN STREET LOWERED

PETITION BEING CIRCULATED
AND FREELY SIGNED
TO THAT EFFECT

BIG IMPROVEMENT

Property Holders and Others Desire
Grade Lowered From
Federal Down.

A petition is being circulated in the city and freely signed requesting city council or the paving commission (whichever one is the proper body to bring the matter before) to have the grade on North Main street, between Earle street and the postoffice, lowered considerably more than is called for in the plans prepared apropos of the paving of this street.

The paving commission sometime ago decided to lower the hill only on the upper, or east, side by bringing it down to a level with the curb on the west side of the street. This would take about 18 inches off the east side of the street, in front of the residence of Mrs. Reed and farther up.

The petition which is being circulated now calls for the lowering of the street more than this. It is suggested that the work of excavating be started somewhere along the front of the Evans property, near the intersection of Federal and North Main streets, lowering the street level some eight inches below the curb line there. The street from there on down to Earle street, on both sides, would be lowered in proportion to the grade established in front of the Evans property.

When the matter is brought before the proper authorities in the form of a petition signed by property owners and other interested parties it is probable that they will see the wisdom of the improvement and order it carried out.

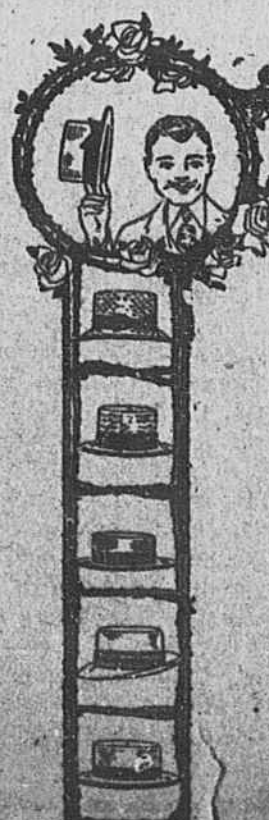

It is believed that this will improve the general appearance of North Main street a hundred fold. North Main street would be made to appear more level between the square and the slight rise in front of the residence of Col. Jos. N. Brown. As North Main street is to be paved with vitrified brick, it is believed that it would be wisest to reduce the grade between Earle and Federal streets to a minimum, as brick pavement becomes somewhat slippery in damp weather and when covered with ice or sleet in winter time is somewhat treacherous. Reducing the grade would, of course, render the chances of horses or pedestrians slipping down on the pavement in such circumstances to a minimum.

The Man Who Advertises.

There are but two classes of merchants—those who advertise, and those who do not. The man who advertises has the best of the deal. He keeps himself before the public—he keeps his wares before the public—and he keeps their quality and price uppermost in the public mind. People talk about a man who advertises, because they know he has something worth advertising—or he wouldn't advertise.
